IMAHRKMI

INTERNATIONAL PROFESSIONAL NETWORKING, EDUCATION,
DEVELOPMENT, RESEARCH & COLLABORATION PLATFORM

ABOUT IMAHRKMI

IMAHRKMI — the International Medical Allied Health Research Knowledge and Management Institute — is an international professional networking, education, development, research, and collaboration platform.

IMAHRKMI is *not* a hospital, clinic, medical facility, or traditional appointment-booking website.

Our purpose is different.

IMAHRKMI brings together professionals from different countries and provides an online environment where members can **learn, participate, present, collaborate, teach, network, develop professional visibility, and build an international professional identity.**

Our international professional community includes members from countries such as the **United States, Canada, Australia, Mexico, and Pakistan**, with opportunities for professionals from other countries to participate as the network develops.

USA

CANADA

AUSTRALIA

MEXICO

PAKISTAN

AND MORE

Our focus is not simply to place a professional's name on a website. Our objective is to create opportunities for members to become **active participants** in an **international professional network.**

THE INTERNATIONAL PROFESSIONAL PLATFORM LANDSCAPE

There are already several well-known digital platforms serving healthcare professionals and patients in the United States, Pakistan, and internationally.

Some examples include **Doximity**, **Sermo**, **Zocdoc**, **Oladoc**, and **Marham**.

These platforms use different business models, including free membership, recurring subscriptions, booking fees, and other paid services. Depending on the platform and service, professionals may have to pay monthly, annual, recurring, or transaction-based fees over time.

Many Platforms...
Different Models...
We Offer Something Better!

IMAHRKMI — A DIFFERENT PROFESSIONAL MODEL

IMAHRKMI has developed a different model: a **one-time**, lifetime registration fee combined with active professional participation and international professional development.

Unlike a conventional website where professionals simply create a profile or wait for patients and appointments, **IMAHRKMI** provides an active professional environment where members can **LEARN, PARTICIPATE, PRESENT, NETWORK, COLLABORATE**, and **DEVELOP** their professional identity internationally.

MEMBERS CAN PARTICIPATE IN ACTIVITIES SUCH AS:

International professional networking and collaboration

Opportunities to present and host professional sessions

Professional promotion and digital visibility

Regular Google Meet meetings and professional discussions

Educational and professional-development activities

Opportunities to build an international professional presence

Webinars, workshops, and online talk shows

Mentorship and interaction between senior and junior professionals

Collaboration with professionals from different countries

INTERNATIONAL PROFESSIONAL NETWORKING, EDUCATION,
DEVELOPMENT, RESEARCH & COLLABORATION PLATFORM

Connect • Learn • Grow • Collaborate • Make an Impact

THESE COMBINED OPPORTUNITIES AND ACTIVITIES
are not the same services typically provided by doctor-listing,
appointment-booking, or healthcare marketplace platforms.

IMAHRKMI is designed as an active international professional
networking, education, development, research, and collaboration
platform, rather than simply a doctor directory or appointment
marketplace.

NOT A DOCTOR DIRECTORY.
NOT AN APPOINTMENT MARKETPLACE.

- ✗ No doctor listings
- ✗ No patient bookings
- ✗ No appointment scheduling
- ✗ No healthcare marketplace

THE FEE STRUCTURE — A KEY DIFFERENCE

Another important difference is the **fee structure**.
Many commercial platforms may involve monthly,
annual, recurring, booking, or transaction-based fees,
meaning professionals may need to make additional
payments over time depending on the platform
and services they use.

IMAHRKMI — ONE-TIME LIFETIME MEMBERSHIP

IMAHRKMI requires its registration fee
only once for lifetime membership.
Members do not have to repeatedly pay
a membership registration fee every
month or every year.

THEREFORE, **IMAHRKMI** OFFERS A DISTINCT PROFESSIONAL MODEL:

ONE-TIME
LIFETIME
REGISTRATION

+

ACTIVE
PARTICIPATION

+

INTERNATIONAL
NETWORKING

+

EDUCATION

+

EVENTS

+

PROMOTION

+

MENTORSHIP

+

PROFESSIONAL
DEVELOPMENT

IMPORTANT TO KNOW

IMAHRKMI does not guarantee patients, students,
bookings, event attendance, enrollment, income,
employment, or any specific professional results.

The purpose of membership is to provide an international
professional environment and opportunities for participation,
learning, collaboration, and professional visibility.

OTHER ONLINE HEALTHCARE PLATFORMS

Many online healthcare platforms are primarily designed to help patients:

- ✓ Find a doctor.
- ✓ View a professional profile.
- ✓ Compare providers.
- ✓ Book an appointment.
- ✓ Request an online consultation.

Sermo

Zocdoc

oladoc

MARHAM

IMAHRKMI

IMAHRKMI is designed around a broader professional-development concept.

A member does not join IMAHRKMI simply to have a name and photograph displayed on a directory.

Instead, members are encouraged to participate in the organization and build professional visibility through activity.

WHAT MAKES IMAHRKMI DIFFERENT?

This can include:

International webinars

Online workshops

Professional talk shows

Google Meet networking sessions

Educational presentations

Short professional courses

Interviews and discussions

Collaboration with senior professionals

Mentorship and practical learning

Social-media promotion

Digital professional branding

AI and technology-related professional development

Google Meet

DAILY GOOGLE MEET PROFESSIONAL MEETINGS

One of the important features of IMAHRKMI is its regular **online team interaction**.

IMAHRKMI conducts approximately **two hours of Google Meet activity each day** for team members and participating professionals, according to the organization's schedule.

THESE MEETINGS MAY INCLUDE DISCUSSIONS ABOUT:

Current organizational work

Upcoming webinars

Workshop planning

Talk-show preparation

Speaker coordination

Presentation practice

Event rehearsals

Professional networking

Content development

Member activities

Digital promotion

AI tools and professional technology

Questions and practical guidance

Professional Growth

THE PURPOSE OF THESE MEETINGS

The purpose of these meetings is **not simply to hold a meeting**.

The objective is to help members **practice, participate, communicate, collaborate**, and become **more confident** in international online professional activities.

FOR NEW MEMBERS

For new members, regular participation can provide an opportunity to **observe experienced members** and **learn** how international online events are organized and presented.

INTERNATIONAL WEBINARS, WORKSHOPS AND TALK SHOWS

IMAHRKMI provides members with opportunities to organize or participate in online:

Webinars

Workshops

Talk Shows

Educational
Sessions

Professional
Discussions

These events may bring together speakers and participants from different countries.

- ✓ For a professional who is new to international online networking, participating in such events can provide valuable exposure and experience.
- ✓ A new professional may initially participate as a learner, guest, co-host, assistant, moderator, or speaker and may gradually develop greater experience through continued participation.
- ✓ The goal is to create an environment in which professionals can move beyond simply having a profile and begin **actively demonstrating their knowledge and professional interests online.**

WEBINARS

WORKSHOPS

TALK SHOWS

EDUCATIONAL SESSIONS

PROFESSIONAL DISCUSSIONS

BUILDING AN INTERNATIONAL PROFESSIONAL IDENTITY

One of IMAHRKMI's central objectives is to help professionals develop an international online professional identity.

This can be particularly useful for:

New graduates

Fresh professionals

Students

Master's-level professionals

Researchers

Healthcare professionals

PhD holders

Consultants

Educators

Trainers

Professionals entering
international online work

- ✓ Learn
- ✓ Participate
- ✓ Present
- ✓ Network
- ✓ Grow

A professional may have strong academic qualifications but still have very limited online visibility.

IMAHRKMI aims to provide opportunities for such professionals to participate in international activities and gradually establish a stronger digital professional presence.

COLLABORATION WITH SENIOR PROFESSIONALS

IMAHRKMI encourages collaboration between experienced professionals and newer members.

When a new professional participates in a webinar, workshop, interview, or professional discussion alongside an established senior member, the newer professional may gain exposure to that senior professional's audience and professional network.

For example, when an audience searches online for a senior professional or views that professional's online activity, the participating junior member may also gain additional visibility through the same event, publication, recording, or promotional material.

Rather, IMAHRKMI provides structured opportunities for participation and visibility that may contribute to a member's long-term online professional presence.

GOOGLE AND AI VISIBILITY

Modern professional identity increasingly extends beyond traditional websites and business cards.

People now discover professionals through:

Google Search.

Social-media platforms.

Video platforms.

Professional websites.

AI-powered search and discovery tools.

Online educational content.

Webinars and recorded discussions.

IMAHRKMI therefore focuses on helping members develop useful digital professional content and participate in activities that can strengthen their overall online presence.

The organization may support members with professional content, event participation, digital promotion, and online visibility strategies.

IMAHRKMI — Your Professional Identity Can Go Beyond Your Country.

IMAHRKMI

INTERNATIONAL PROFESSIONAL NETWORKING, EDUCATION,
DEVELOPMENT, RESEARCH & COLLABORATION PLATFORM

Connect | Learn | Grow | Collaborate | Make an Impact

SOCIAL MEDIA AND DIGITAL PROMOTION

A portion of the organization's registration revenue is used to support operational and promotional activities.

IMAHRKMI may work with **freelancers** and **digital-support** professionals to promote member activities through appropriate online channels, including social-media platforms and WhatsApp communication.

PROMOTIONAL ACTIVITIES MAY INCLUDE:

Webinar announcements

Educational content

Speaker promotion

Course promotion

Event posters

Member-related announcements

Professional introductions

Digital campaign support

The objective is to help members gain exposure beyond their immediate local professional environment.

ONE-TIME LIFETIME REGISTRATION MODEL

IMAHRKMI operates on a **one-time, lifetime registration model**.

A registration fee is required to become a registered member.

The registration fee is **non-refundable** and supports the organization's professional platform, administrative operations, online activities, digital promotion, technical infrastructure, event coordination, and other member-support activities.

Unlike platforms that may use monthly subscriptions, annual renewals, booking fees, or other recurring commercial structures, IMAHRKMI's membership structure is based on **one registration for lifetime membership**, subject to the organization's membership policies.

The exact services and opportunities available to members depend on their professional category, participation, qualifications, organizational policies, and available programs.

EDUCATION, SHORT COURSES AND MENTORSHIP

IMAHRKMI also provides opportunities for qualified senior members, including doctors, PhD professionals, educators, researchers, and other experienced professionals, to conduct online short courses and educational programs.

These programs may allow newer members, students, graduates, and master's-level professionals to learn under experienced professionals.

Depending on the program, participants may have opportunities to:

Learn professional skills.

Assist senior instructors.

Participate in practical activities.

Develop presentation skills.

This creates a pathway in which experienced professionals can share knowledge while newer professionals gain opportunities to learn and participate.

Gain online teaching experience.

Learn digital tools.

Develop professional communication skills.

Build experience through structured collaboration.

Online Short Courses

Expert Instructors

Students & New Professionals

Mentorship & Guidance

ARTIFICIAL INTELLIGENCE AND THE FUTURE OF PROFESSIONAL WORK

Artificial intelligence is rapidly changing the way professionals work.

IMAHRKMI recognizes that the future of professional development will increasingly involve the responsible use of AI and digital technologies.

Our objective is to help our team and members understand how AI can support professional work, including:

Research assistance.

Content development.

Professional communication.

Educational material preparation.

Administrative tasks.

Digital marketing.

Online learning.

Presentation development.

Productivity improvement.

Our vision is that work which previously required several hours may increasingly be completed more efficiently with appropriate AI assistance.

IMAHRKMI therefore seeks to help professionals adapt to the AI-driven professional environment rather than remain disconnected from emerging technology.

PROFESSIONAL CONSULTATION AND PATIENT REFERRAL MODEL

Where a patient or client is referred to an eligible **IMAHRKMI** member for professional services, the member's availability, professional fee, consultation duration, and other relevant details may be confirmed before the appointment is arranged.

Where applicable under the organization's commercial arrangements, the professional member receives **70% of the consultation fee**, while **30% is retained by IMAHRKMI** for platform, coordination, administration, promotion, and related support.

All professional services remain the responsibility of the appropriately qualified professional, and applicable professional licensing, healthcare, privacy, advertising, and other legal requirements must be followed.

*Professional Care

All services are provided by appropriately qualified professionals. Applicable licensing, healthcare, privacy, advertising and legal requirements must be followed.

MEMBER REFERRAL COMMISSIONS

IMAHRKMI may also provide commission opportunities to members who introduce qualified new members, clients, students, webinar participants, or other eligible participants to the organization.

For qualifying referrals, the organization may provide a **10% commission** according to its applicable commission policy.

This may apply to qualifying activities such as:

New Member
Registrations

Course
Enrollments

Webinar
Ticket Sales

Commission eligibility and payment remain subject to the organization's applicable terms and policies.

WEBINARS AND CERTIFICATE REVENUE

Many **IMAHRKMI** webinars are offered free of charge to participants.

Participants who want an official e-certificate may be required to pay a certificate-processing or certificate-related fee.

Where a certificate fee is charged, the revenue may be divided according to the organization's applicable arrangement, such as:

**50%
IMAHRKMI**

**50%
Host / Speaker**

This allows **IMAHRKMI** to support the platform and administrative infrastructure while also recognizing the contribution of the professional host or speaker.

COURSE REVENUE SHARING

For selected paid educational programs, course revenue may be shared according to the agreed course arrangement. A typical structure may provide:

50%

IMAHRKMI

50% + 50%

50%

Course Instructor /
Senior Professional /
Assisting Member

Where more than one professional is involved in delivering or assisting with a course, the instructor-side share may be divided according to the agreed arrangement.

This model allows experienced professionals to use their knowledge to create educational opportunities while also creating opportunities for newer members to assist, learn, and gain practical experience.

Educational
Opportunities

OPPORTUNITIES FOR NEW PROFESSIONALS

IMAHRKMI particularly recognizes the challenge faced by professionals who have qualifications but have not yet developed a strong professional identity online.

A new graduate may have:

- ✓ A degree.
- ✓ Professional knowledge.
- ✓ Limited work experience.
- ✓ Limited international connections.
- ✓ Limited online visibility.
- ✓ No established professional audience.

IMAHRKMI aims to provide an environment where such professionals can begin participating.

They may start by:

- ✓ Attending meetings.
- ✓ Assisting senior members.
- ✓ Joining webinars.
- ✓ Participating in workshops.
- ✓ Learning presentation skills.
- ✓ Helping with digital activities.
- ✓ Gradually taking on greater responsibilities.

The objective is
development through participation.

FROM LOCAL PROFESSIONAL IDENTITY TO INTERNATIONAL NETWORKING

In today's digital environment, professional identity is no longer limited to one city or one country.

A professional in Pakistan can communicate with a professional in the United States.

A healthcare educator in Australia can collaborate with a professional in Canada.

A new graduate can participate in an online event with an experienced professional from another country.

IMAHRKMI seeks to create exactly this type of international professional environment.

Global
Professional
Network

OUR PROFESSIONAL PHILOSOPHY

IMAHRKMI believes that professional growth involves more than obtaining a degree.

Modern professionals also need:

Knowledge

Communication

Networking

Digital Skills

International Exposure

Continuous Learning

Technology Awareness

Our platform brings these elements together through an international online professional environment.

WHAT MEMBERS CAN EXPECT

IMAHRKMI provides an environment where registered members may have opportunities to:

Participate in daily online professional meetings.

Practice upcoming webinars and workshops.

Participate in international talk shows.

Present their expertise.

Work with senior professionals.

Participate in educational programs.

Develop professional content.

Receive promotional support.

Build international professional connections.

Learn AI and digital technologies.

Assist with courses and events.

Develop presentation and communication skills.

Participate in referral and commission opportunities where eligible.

Develop a stronger online professional identity.

Participation, visibility, referrals, patients, clients, students, income, rankings, and other outcomes are not guaranteed and depend on multiple factors, including professional qualifications, participation, audience interest, market conditions, and applicable laws and policies.

OUR VISION

IMAHRKMI's vision is to build an international professional ecosystem in which healthcare, allied health, education, research, and other qualified professionals can connect beyond geographical boundaries.

We aim to help professionals move from simply having qualifications to actively demonstrating their knowledge, participating in international professional activities, developing digital skills, collaborating with others, and building a meaningful professional identity online.

IMAHRKMI is designed for professionals who want to

- LEARN
- PARTICIPATE
- PRESENT
- COLLABORATE
- DEVELOP
- GROW

in an increasingly international and AI-driven professional environment.
